PHOTO: Princess KimberLee becomes the 4th CHIKARA Grand Champion, 12/5/2015

In CHIKARA, beautiful stories of triumph are being told to rival the most popular graphic novels and redefine your expectations of Pro Wrestling as an art form.

PHILADELPHIA, PA - As the Main Event concluded of CHIKARA's Season 15 Finale, Princess KimberLee shocked the live audience that packed the 2300 Arena by immediately cashing in her "Golden Opportunity", to defeat the current Grand Champion, Hallowicked. This marks the first time ever that a female has become the Primary Champion in a male dominated wrestling company.

Following the victory, Princess KimberLee took to Instagram to comment, sharing a photo alongside fellow CHIKARA star and the company's first ever female Young Lion's Cup Champion, Heidi Lovelace.

"People always underestimate us because we are women. But now we both hold titles that have only previously been held by men. It really is a #divasrevolution #Chikara #grandchampion" - Instagram @kimber_lee90

CHIKARA returns with their Season 16 premiere on Saturday January 30th, 2016 in Philadelphia, PA. For more information, visit chikarapro.com
